# IYNC grant program general criteria

These grants are designed to help support the local or regional YGN and to increase members participation to their local YGN networks and in the IYNC network. These grants include international project grant, national project grant and regional event grant, characteristic of the different grants are available http://www.iync.org/grants/.

Activities must be in line with IYNC mission:

- Develop new approaches to communicate benefits of nuclear power, as part of a balanced energy mix;

- Promote further peaceful uses of nuclear science and technology for the welfare of mankind;

- Transfer knowledge from the current generation of leading scientists to the next generation and across international boundaries

Prospective applicants must fill out the required form, which details why a grant is being requested (available on IYNC website), remember these grants are designed to increase members participation in local and international YGN networks.

The IYNC grant committee will review the applications and determine recipients based on budget availability and following criteria. List of committee members is available on IYNC website.

Application must be sent at least two months before the schedule event date. Recipients will be reimbursed within 1 month after the proposed fund event has taken place, via wire transfer or PayPal transfer.

Applicants may contact grants@iync.org for information on the grant program and on the forms.
